technology + passion + quality

MADE IN ITALY

NAIR IS OUR MAIN FABRIC

Stretch effect fabric with a soft, enveloping touch that moulds the body and ensure optimal freedom of movement. Its ability to allow sweat evaporate quickly, a high degree of breathability and optimal resistance to the UV rays (UPF 50+), make **Nair** perfect for trendy sportswear. Moreover it has fulfilled the requirements for the certification LYCRA® Sport, guarantee for excellent sports performance.

The *5DE4 Black Line* is colour-fast and can be combined with lighter colours, even white, with no problem. The presence of Black LYCRA®, the innovative original black fibre, ensures greater colour intensity even after numerous washes.

Uses:

**Sport:** Dance - Fitness, Running, Cycling, Skiing - Cross-country skiing, Mountaineering, Skating
